Having developed a close friendship with Charles Schulz, Everhart became a key partner in the success of the comic strip. The two would work together for many years on the most iconic characters to ever grace the panels of a comic strip. Eventually, Everhart's work on the comic strip began to blend into his personal work, becoming a key theme throughout the artist's career. Tom Everhart's art is characterized by bright colors and bold decisions that help bring these timeless characters to life.

Today, Everhart's work is highly sought after by collectors around the world. His works have been displayed in galleries and museums around the world, including the Louvre, thanks in part to his ability to showcase the characters in new and evocative ways.
